**MISSOURI SECRETARY OF STATE
REPORT ON EXPENDITURE OF TITLE II, SEC. 251 FUNDS
OCTOBER 2004 THROUGH SEPTEMBER 2005**

RECEIVED
U.S. ELECTION ASSISTANCE
COMMISSION

Title II, Sec. 251

The funds in this section were used only to meet the requirements of Title III. The relevant sections of Title III are:

Computerized Statewide Voter Registration List Requirements and Requirements for Voters Who Register by Mail - \$4,288,942

Missouri developed the Missouri Centralized Voter Registration System (MCVR). Functional requirements for MCVR were finalized during Federal Fiscal Year 2004, and implementation occurred in Federal Fiscal Year 2005. (*State Plan, page 13, 14*)

In addition to the development of the software, the state also purchased hardware in the form of servers and networking equipment in order to deploy the application statewide. Each of the 116 local election authorities were granted funds to purchase desktop computer systems to access the database, including operating software and peripheral equipment (i.e. scanners and printers), for each of the 116 local election jurisdictions to access and maintain the statewide database. Because MCVR is a browser-based system, the state also used Section 251 funds to provide Internet service to each of the local jurisdictions that lacked the necessary access.

Poll Worker Training - \$755,556

During the reporting period, Missouri provided poll worker training funds to local election authorities in the amount of \$755,556 (*State Plan, page 21-22, 34*). The funds were available to counties who had attended training sessions held by the Secretary of State's office and the University Outreach and Extension. The state used funds from Title I, Sec. 101 for CY 2003 and CY 2004 prior to receipt of Title II, Sec. 251 funding to ensure the poll worker training program could be implemented as quickly as possible. Title II Section 251 funding was used in FFY 2004 and FFY 2005 to complete the development and implementation of the poll worker training program, including modules and materials such as binders, VHS videotapes, DVDs, CD-ROMs with customizable MS PowerPoint presentations. The training program was designed and intended to be used by local election authorities to increase the expertise and knowledge of poll workers, increase service to voters, decrease voter complaints, improve the voting process and

increase voter satisfaction. The materials prepared by the University Outreach and Extension included coverage of such things as provisional voting, a guide to HAVA, polling place procedures, the importance of ballot security, and serving voters with disabilities.

Interest Earned - \$1,012,331

The Missouri Secretary of State invested Title II, Sec. 251 funds during the reporting period and accrued interest in the amount of \$1,012,331.

State Matching Funds - \$222,175

During the federal fiscal year 2005, Missouri spent \$222,175 in State Matching Funds.

Maintenance of Effort - \$488,368

During the state fiscal year 2005, the Maintenance of Effort for Missouri was \$488,368.
